## By CHRISTOPHER BELL

Friday night the St. Stanislaus Rock-chaws will take an impressive 3-1-1 record to Biloxi to mesmerize the Rebels of Notre Dame. The Rock-chaws' Willie Rhodes and Kenny Artiques will mastermind St. Stanislaus' attacks, while Don Ailey, Jack Acevedo, Paul Girdery and Paul Leary will spark the strategy for the defending Gulf Coast conference champs. d'Iberville Warriors, on the warpath with a 35-0 win over the Columbia Training School, will slap on the war paint again for Rocky Creek in a Friday tussle in the Warrior's wigwam, while the Pass Christian Pirates plan to break out the mainball to skin over the Training School eleven at Columbia. Gene Brymbough and Milton Campo will be big chiefs in the Warrior's pow-wow, while Pete Stegenga will rattle the skull and bones of the Pirate crew. Ocean Springs' Greyhounds will celebrate their homecoming Saturday night at Freedom Field, hosting Our Lady of Victories Eagles. Clay Boyd's gridders will be commanded by Bobby Beangre, ranked second among the coast's scorers, while invading Eagles will have Danny Miller, who tallied four times for O. L. V.'s opening fray last week, as wing captain. Seven contests were played last weekend. Grady Perkins' hurled two scoring passes and tallied three times in leading the Bay High Tigers to a 43-0 victory over the hapless Perkinston AHS. Bullpups at Perk's A. L. May Stadium Thursday night. At Long Beach the invading Carriere Blue Devils came within a tally of upsetting the undefeated Bearcats, 27-24, Thursday night. Gerry Daniels

## le Patrick's gridders.

In a hard-fought rival fray, championship by tipping Ocean the Notre Dame Rebels succ. Spring Greyhounds, 21-7 at Biloxi last Saturday night.

d'Iberville Warriors claimed their first win of the season, an impressive 35-0 win over the Columbia Training School. Gerald Kovatovich's Warriors had dropped three Gulf Coast hoop games before discovering the winner's path in the non-league tilt.

St. Stanislaus' Rockchaws continued their pricking of Mississippi Big Eight squads, piercing Pleayune, 24-7, Friday night at Bay St. Louis.

Willie Rhodes led the Rock's offensive machine, while the Tide's lone marker was Gerald Seal's 7-yard interception return in the final moments of action against St. Stanislaus' second-stringers.

David Mills stole the individual spotlight for the weekend by chalking up four touchdowns on runs of 17 and 30 yards, and two tosses of 17 and 40 yards—and contributed an extra point in Our Lady of Victories' 28-12 downing of the Vancleave Bulldogs at Pascagoula. The contest was the first of the season for Les-

lie Patrick's gridders. of the Gulf Coast conference. In a hard-fought rival fray, championship by tipping Ocean the Notre Dame Rebels succ. Spring Greyhounds, 21-7 at Biloxi last Saturday night.

Pass Christian police officer Lester Garriga had stopped on Hwy. 90 at 2 o'clock Sunday morning to investigate a parked automobile when David Williams, Box 62, of Bay St. Louis struck his police car.

Williams, driving a 1948 Plymouth, failed to halt his car and crashed into the 1955 Ford police car, inflicting \$50 damage to this PCPD's car and \$200 to his own.

## **In the good old days, and now**

Now that dollars are so much more plentiful than they were in the "good old days," it seems to take more of them to buy homes, appliances or automobiles—all the needs of daily life. Dollars simply won't go as far now as they used to.

Telephone Company dollars are no different from yours, for like most businesses we're feeling the effect of inflation and rising costs. Two items of expense alone (six wage increases and an income tax increase) have added over \$4 million a year to our operating costs since the Public Service Commission last set lawful rates for the Company in 1949. Other cost increases associated with our additional investment in the State add up to a total increase to over \$7 million a year.

That's a lot of money, and up to the time of our recent application to the Public Service Commission, only \$3½ million—less than half—had been offered by additional revenue from rate increases. That's why we asked the Commission to make a thorough study of our revenue needs and to let us know what will be fair to telephone users and to the Company.

September 26 marked fifty years of happy marriage for Mr. and Mrs. Emilie George A. Haro, Sr. of Julia Street. So that their family of six children could join them, Mr. and Mrs. Haro celebrated their golden anniversary in New Orleans, on Sunday, September 23.

Marital vows were renewed at a Nuptial Mass at St. Rose de Lima Church with the Rt. Rev. Msgr. Edward Pendergast officiating, before a large gathering of friends and relatives.

Baskets of golden chrysanthemums were placed on either side of the candlelit altar. Two grandsons, Daniel and Rene Haro, New Orleans, served as altar boys for the service.

Mrs. Haro wore a silk print of Peacock blue, gold and black made with a softly rounded neckline trimmed in net insets, and a matching long sleeved jacket. Her hat was of off white brushed felt banded

many lovely and useful gifts and congratulatory messages. They are the parents of three sons and three daughters who are Emilie, Jr., Daniel, and Julian Haro, Mrs. Leonard Selle, Mrs. George Helitz, and Mrs. Robert Galloway, all of New Orleans.

Mr. Haro is a retired electrical contractor, and in February of this year was presented a scroll by the Electrical Association of New Orleans, honoring him for being a pioneer in the Electrical Industry and for fifty years of service. Mrs. Haro is the founder of the Good Neighbor Club of Cedar Point.

Total sale of beer in food stores is third largest among all beverages—nearly four times greater than soda pop—and exceeded only by milk and coffee. This is convincing evidence that beer is now favored in 2 out of 3 American homes.

Mississippi's tax on malt beverages remains unchanged as one of the highest in the nation, but recent restrictive legislation is substantially reducing the revenue from this important source. Until this year, the brewing industry was the state's 4th largest taxpayer—yielding 4 million dollars a year for year for Mississippi schools, rural roads and other necessary functions of local and state government.

Better milk and eggs are a result of brewing. Grains enriched in the brewing process are widely used as a protein supplement for dairy foods. Brewer's yeast added to feed yields more and better eggs and poultry.

The Bay St. Louis Youth Center starts its annual fund drive this week.

The drive must raise \$1,500 in order for the club to remain in operation for another year. During the past year, over 30,000 teenagers from Bay St. Louis and the area took advantage of the center's facilities. At a cost of about 5c per teenager per year, we can provide clean, wholesome, supervised recreation for our youth.

Let's not complain about how delinquent our teenagers are, and grumble and gripe about what the younger generation's coming to—let's dig down in our pockets and shell out a dollar or so to provide them with clean, decent recreation facilities!

A person that is lost in thought is usually in unfamiliar territory.

## Hancock Bank Celebrating 57th Year of Coastal Service

Strength, Stability and Integrity is the service motto of the five strategically located Hancock Banks which serve the Mississippi Gulf Coast.

The Hancock Banks celebrate their 57th anniversary next week in commemoration of the organization and opening of the parent bank in Bay St. Louis on Oct. 9, 1899.

The Hancock banking system takes pride in maintaining the most modern facilities designed to make banking service efficient and speedy while yet retaining an "old fashioned" customer approach characterized in the phrase "the friendly bank".

Hancock Banks are located in Bay St. Louis, Pass Christian, Long Beach and Gulfport. Of the two Hancock banks in Gulfport, one is located downtown at the corner of 25th Avenue and 14th Street and the other, featuring drive-in facilities, is located on the Pass road.

The decision to build branch banks in Long Beach and on the Pass road in Gulfport corresponds with the bank's desire to keep pace with the rapid growth of homes and businesses in this area.

It is a policy of the Hancock Banks that staff members be familiar with every phase of the Mississippi Gulf Coast's progress and development.

Directors are: L. P. Sweat, C. E. McCabe, H. H. Jones, R. P. Fant and Leo Seal. Officers are: Leo W. Seal, Bay St. Louis, president; Donald L. Hamilton, Bay St. Louis, vice president; W. C. Halveson, Gulfport, vice president; W. C. Lewis, Gulfport, vice president; and James T. Tune, Gulfport, auditor.

HANCOCK BANK in Bay St. Louis, corner South Beach Blvd. and Main St., is celebrating its 57th year of service to the Gulf Coast. Founded in 1899, the Bay bank is the first of the Hancock Bank exchange, which now has banks in Pass Christian, Long Beach, and Gulfport.

BAY'S NORTH BEACH IS FEATURED IN SCENIC SOUTH PHOTO-MAG  
Bay St. Louis' North Beach Boulevard was featured in the October issue of Scenic South, a monthly magazine published by Standard Oil Company at Louisville, Kentucky.

A half-page photograph of the historic waters where American gunboats attacked a British fleet that was pursuing Andrew Jackson as he hurried to the defense of New Orleans during the War of 1812, was printed in a three-page photo-story of Mississippi.

Home Agents' Notes  
You'll find that dried fruit sold in bulk will be drier and harder than that sold in small lots. You will need to soak this

fruit in warm water for about two hours or until the fruit is plumped.  
After the hard use of summer, do you find you need to replenish your towel supply? A "Yes," answer brings another question: "How many" do you need for an adequate supply for my family?

The answer is have six towels for each needed size and six wash clothes for each person in the house hold. This allows for two towels in use, two in laundry and two on the linen shelf.

Cooking Dried Fruit  
The days of overnight soaking of dried fruit are past. Most dried fruits can be cooked without soaking; simply follow the directions on the package. If you find the word "frozen" it means that the fruits have been slightly precooked after drying. They will require a shorter cooking period. Use dried fruit uncooked as

a between meal snack. Children will like it because it gives them something to chew on.  
Store dried fruits tightly covered in a dry, cool place.

Keeping Milk  
To keep fresh milk at its best, keep it clean, cold, covered and in the dark. Milk holds both nutritive value and flavor best when kept cold. If you store it near the freezing unit of your refrigerator, you can expect it to keep good quality and flavor for 3 to 4 days and maybe longer.

Take Your Medicine  
None of us likes to take medicine, but if we've been sick enough for the doctor to prescribe medicine for us, we should take it, and take it according to his directions. If he said take it right after breakfast, you should take it then—not as an afterthought just before lunch.  
Your doctor had important reasons for telling you to take one kind of pill before meals,

another right after meals or another first thing in the morning.  
For example, some capsules he prescribes have "built-in" mechanisms so they can produce delayed action, repeat action or controlled release over a certain period of time. Take the capsule at the wrong time and you may throw the whole scheme off.

Certain drugs are more effective on an empty stomach. Others can be irritating to the stomach lining if taken before meals—the reason the doctor specified they be taken immediately after lunch or a meal.

Bolled Custard Ice Cream  
Whatever the time of year, ice cream is a favorite dessert. If you like to freeze your own, in the refrigerator or in a home ice cream freezer, you will want to try this recipe. It makes one gallon of ice cream.  
3 quarts sweet milk  
dash of salt  
6 eggs

24 cups sugar  
2 tablespoons flour  
1 tablespoon vanilla  
Scald milk in double boiler. Sift flour, sugar and salt together in large container. Add beaten eggs. Mix well. Gradually add milk to this mixture. Cook over hot water, stirring constantly until mixture thickens and coats spoon. Cover and cool.
